

Tables / Training

# ALIGN

---

Align table is designed for easy and quick alignment of tables. It is a transformable table accommodating one person, two-persons, or three-persons. It can be utilized in various communication settings such as training, workshops and team works. With ergonomic smooth design, it liberates users and spaces.

**Intuitive folding mechanism**

With a hydraulic folding mechanism that can easily open and close the surface simply by operating a lever, it maximizes user convenience and space utilization

**Holes for wiring on the surface**

When seats are aligned facing each other to fit in a small space, these holes are used to organize cables neatly without damage or blockage (Premium type only)

**Simple diagonal leg**

Light, diagonal leg design creates smooth expression of spaces and only takes up a small area when stored in stacks

**Caster**

Moving casters ensure it can be easily and quickly arranged for various situations

**Height-adjustable podium**

Height of upper panel is adjustable, offering a comfortable position for anyone. With a space available for organizing cables, a neat appearance can be maintained. (940~1070mm)

**Self-closing shelf**

Only opened when needed, a self-closing shelf secures available space at knee area, which in turn provides convenience to more people

**Selective surface (premium type)**

Soft but strong urethane mold on surface guarantees user safety and product durability. With curved design, it creates smooth space atmosphere.

**Selective surface (regular type)**

Rectangular, regular upper panel presents a simple line, creating a tidy and neat place
