DESIGN INSPIRATION

Design Trends

Introducing the Techmesh by Diami, a cutting-edge chair designed to elevate your seating experience.

The Techmesh features a high-tech mesh back and an optional Air mesh seat, offering superior breathability and comfort. Its self-tension adjusting mechanism ensures that the chair adapts to your weight and movement, while the three-position lock allows you to find your ideal sitting posture.

With adjustable seat depth, height-adjustable lumbar support, and adjustable arms, the Techmesh is engineered to provide ergonomic excellence and enhance productivity. This chair's modern design seamlessly combines functionality with style, making it a versatile choice for any workspace.

- A – Elastic mesh back
- B – Height adjustable lumbar support
- C – Fixed adjustable armrests (removable)
- D – Pre-moulded seat foam
- E – Synchro lock mechanism
- F – Tilt tension adjuster
- G – Nylon high arch base
- H – Seat Slider
